PERSONAL PROFILE

I have been a General Primary Teacher for the past 6 years; working as a KG Homeroom teacher for 2 years and 8 months in the UAE, Grade 3 teacher for 2 years and 8 months and 1 year as a kindergarten teacher in Taiwan. I have worked in schools with different cultures and socio-economic backgrounds, both in South Africa and in Taiwan.

Aside from teaching I have been a member of a range of committees that organized events and activities including plays, class excursions, prize giving evenings, spelling competitions, cross-country and athletics events. I have been grade head of my grade for a year and I am involved with special needs children.

I am in my sixth year of teaching and enjoying every minute of it. Every opportunity to guide a learner along his/her educational path is a challenge I look forward to.

I am very passionate about making a difference in children's lives, not only in the classroom but also in their everyday lives. I like to plan ahead so I can be well prepared. I get along easily with other teachers and work well together in groups. The child always comes first and I just want to give the best for every learner in my class or in my team. I am willing to give my 110%.
